

## MARGIN IS NARROW IN THE OHIO VOTE.

### REPUBLICANS NOW GIVEN A MAJORITY OF TWO

Ten Counties Still to Be Canvassed—  
The Executive Committee Said to  
Be Preparing an Appeal to the  
Courts—Contests P. ovable in Iowa  
—Senator Gorman is Defeated.

Columbus, Ohio, Nov. 5.—[Special]  
Reports of the official count continue  
to come in. Democrats get three more  
seats in the legislature. The republic-  
can joint majority is now two. Ten  
close districts are yet uncounted. Both  
sides are watchful, and the  
count will be fairly conducted.

Columbus, Ohio, Nov. 5.—Semi-offi-  
cial returns from the backward coun-  
ties, added to those received earlier,  
give an aggregate plurality of 28,510  
for Governor Bushnell.

The talk about a combine in the  
legislature against Senator Hanna has  
subsided, pending the interest in the  
official counting of the vote in close  
counties. While the Republican plu-  
rality on the state ticket exceeds  
28,000, the vote on the legislative  
tickets is almost as close as it could  
be. For this reason there is still un-  
usual anxiety at the respective state  
headquarters of both parties.

The Republicans still claim that the  
legislature stands seventy-five Repub-  
licans to seventy Democrats on joint  
ballot for senator, and that their can-  
didates for representatives in three of  
the close counties have been elected by  
the following pluralities: Delaware  
county, 29; Wood county, 28; Noble  
county, 85—a total of 142 in the plu-  
ralities of these three counties.

A change of 72 votes, properly dis-  
tributed in these three counties, would  
therefore have turned the result in the  
legislature by giving these three rep-  
resentatives to the Democrats. Then  
the legislature would have stood sev-  
enty-two Republicans and seventy-  
three Democrats on joint ballot for  
senator. The total vote of Ohio last  
year was over 1,000,000 and is almost  
1,000,000 this year, and it is readily  
seen that 72 is such a small per-  
centage that it cannot be clearly ex-  
pressed in figures. And this is what  
makes the Democratic state committee  
continue to claim the legislature and  
the Republican state committee to be  
so closely on guard in watching the  
counting in the close counties.

While both committees are keeping  
secret any arrangements for legal pro-  
ceedings, yet it is stated that the De-  
mocratic state committee will seek to  
enjoin enough certificates of election  
from Republican representatives to  
prevent the Republicans from organiz-  
ing the house and appointing the com-  
mittee that will consider contests.

### IOWA MEN MAY FIGHT.

Charges of Fraud Are Made—Mr. Shaw's  
Plurality.

Des Moines, Iowa, Nov. 5.—Mr. Wa-  
terman of Wapello county may contest  
the election of W. A. McIntyre (dem.)  
to the state senate. Republicans assert  
that if he does he will gain the seat  
now claimed by his opponent by a ma-  
jority of 21 votes. Mr. Waterman's  
friends claim they have discovered a  
gross irregularity in the election in  
Greene township of Wapello county.

The latest semi-official returns give  
Mr. Shaw a plurality of 30,988. The  
figures give Shaw 224,555 and White  
193,567. The fifty-nine counties from  
which the "middle of the road" vote  
is reported give Lloyd, the candidate  
for governor, 3,507 votes, and the whole  
state estimated on that basis would  
give him 5,950 votes. Fifty-five coun-  
ties reported the gold-democrat vote  
at 3,083, which, carried out at the same  
ratio throughout the state, would give  
Cliggett, the national Democratic can-  
didate for governor, 5,434 votes. Sixty  
counties have reported the Prohibition  
vote for the candidate for governor, S.  
P. Leland, at 6,482, and according to  
that the estimated state vote for the  
Prohibitionist ticket will be 10,692. Ac-  
cording to the full returns on the Re-  
publican and state Democratic tickets  
and the estimated totals of the three  
other tickets the total vote for Iowa  
is 440,198, as against 521,547 in 1896,  
a decrease of 81,349.

### Republicans May Rule New York.

New York, Nov. 5.—Complete returns  
from the nineteenth and twenty-first  
districts of New York county, hereto-  
fore doubtful, elect Weill and Murray,  
Democrats. The assembly will stand:  
Republicans, 79; Democrats, 63; Cit-  
izens' union, 2; doubtful, 6.

Complete returns from all the coun-  
ties in the state except Cattaraugus,  
Greene, Steuben and Yates show a  
plurality for Alton B. Parker, Demo-  
cratic candidate for chief judge of ap-  
peals, of 56,058. The final returns will  
reduce this somewhat. His plurality  
in Greater New York is 133,968.

### No Hope for Senator Gorman.

Baltimore, Md., Nov. 5.—An official  
count of the ballots cast on Tuesday  
last leaves no further room for doubt  
that the Republicans have control of  
both branches of the legislature and  
that a Republican will succeed Arthur  
P. Gorman in the United States senate.  
Among those most prominently men-  
tioned as the probable successor to  
Senator Gorman are Alexander Shaw,  
Former Congressman John V. L. Find-  
lay, Postmaster-General Gary and Con-  
gressman Sidney E. Mudd.

## METHODIST BISHOPS MEET.

Church Extension Committee Listens to  
Encouraging Reports.

Philadelphia, Nov. 5.—The members  
of the general committee of church ex-  
tension of the Methodist Episcopal  
church met in this city Thursday.  
Bishop Bowman of St. Louis presided.

The consideration of the report of  
the board of church extension to the  
general committee was the first busi-  
ness taken up. The report of Treasur-  
er James Long showed receipts in the  
general fund for the year of \$158,862.85,  
and a balance of \$18,268.83 on Oct. 1,  
1897. The loan fund receipts, includ-  
ing a year's balance, were \$169,403.52.  
Of this fund a balance of \$88,597.92 is  
on hand. There were increases over  
the preceding year as follows: Confer-  
ence collections, \$1,594.73; personal  
gifts, \$2,638.85; interest, \$8,486.20; loans  
returned, \$15,467.29.

On Oct. 1, 1897, 243 applications for  
aid had been granted on condition of  
compliance with conditions. These  
aggregated \$36,025 in donations and  
\$35,250 in loans. Thirty-six applica-  
tions for donations and loans, aggregat-  
ing \$11,425, have not yet been consid-  
ered. The general committee asked  
the conference for \$303,225 for church  
extension work.

The corresponding secretary was re-  
quested to communicate with the Ger-  
man conference with a view of reach-  
ing an amicable arrangement whereby  
their special method of administering  
church extension funds may be super-  
seded by the general method.

The object of the church extension  
society is to help build churches by  
appropriating loans to their respective  
use for a period not exceeding five  
years nor exceeding \$5,000.

### WANT TRUSTEES REMOVED.

Investigation of Trouble at the Soldiers'  
Orphans' Home Completed.

Bloomington, Ill., Nov. 5.—After two  
days in almost continuous session the  
G. A. R. committee appointed to in-  
vestigate the state of affairs at the  
Soldiers' Orphans' home at Normal  
completed its work Thursday and ad-  
journed. The committee held a se-  
cret session prior to adjournment to  
draw up a report to be presented to  
Gov. Tanner showing the result of  
their investigation and making a rec-  
ommendation of certain changes. It is  
said that the governor is asked to re-  
move Trustees Harlan and Wolfe, and  
asks for the retention of Trustee Page.

The general tone of the finding was  
moderate and does not state that the  
discoveries were incendiary or that  
there has been nothing but corruption  
found.

### CROKER SEVERELY ILL.

Tammany Leader Is Stricken—Utmost  
Secrecy Preserved.

New York, Nov. 5.—Richard Croker  
was stricken with so serious an at-  
tack of illness in his room at the Mur-  
ray Hill hotel Thursday night that he  
was not allowed to see any one but  
his physicians, Dr. William T. Jen-  
kins and Dr. Cyrus Edson. The ut-  
most secrecy was preserved about the  
nature of the attack. Nothing definite  
could be obtained from either of the  
physicians.

### Shooting Affray at Logansport, Ind.

Logansport, Ind., Nov. 5.—While in-  
toxicated and smarting under a fancied  
insult, John McIntosh, a horse  
trader, at 1 o'clock Thursday shot and  
killed Frank Pottmeyer, a saloonkeep-  
er, then shot and wounded Pottmeyer's  
two brothers and his sister, using a  
double-barreled shotgun. After the  
shooting McIntosh surrendered to the  
officers. The shooting has caused in-  
tense excitement, and threats of lyn-  
ching caused Sheriff Homborg to station  
a strong guard at the jail. McIntosh  
gives no excuse for the shooting fur-  
ther than that he had been grossly  
abused and insulted by both Frank and  
Will Pottmeyer.

### Made Poor by a Bank Failure.

Grayling, Mich., Nov. 5.—The last  
three days have been the most excit-  
ing in the history of Grayling. Men  
and women walk the streets moaning  
their losses through the failure of the  
Exchange bank. Investigation dis-  
closes the fact that Cashier Staley loan-  
ed money on unindorsed notes, and  
that he invested with O. J. Bell a sum  
of money in gypsum and timber lands  
in the upper peninsula of Michigan  
which proved unprofitable. A warrant  
has been issued for Cashier Staley,  
whose whereabouts is still a mystery.

### Made Insane by Jealousy.

Tiffin, Ohio, Nov. 5.—James Reed  
Thursday morning shot his wife three  
times. He then turned the weapon to  
his own head and fired, but stumbled  
and the shot went wild. He was cap-  
tured by the police and lodged in the  
county jail here. Reed has been ex-  
tremely jealous of his wife of late and  
has brooded over his troubles until he  
is a perfect wreck.

### Republicans Lead in Kansas.

Topeka, Kas., Nov. 5.—Election re-  
turns have been received at Repub-  
lican headquarters from 63 Kansas  
counties out of 105 and from 68 coun-  
ties at Populist headquarters. The  
Republicans elect nine out of thirteen  
district judges and the fusionists elect  
four.

### Missouri Crop Report.

Columbia, Mo., Nov. 5.—Col. J. R.  
Ripley, secretary of the Missouri state  
board of agriculture, has given out the  
crop conditions for November, and in  
summing up the yield for 1897 says  
that the corn crop will be 167,500,000  
against 290,000,000 bushels for 1896.

## WORK ON MESSAGE OCCUPIES M'KINLEY

### PRESIDENT WILL DEVOTE TWO WEEKS TO HIS SUBJECT.

To Be Shown to the Cabinet—Much  
Time Has Been Devoted by the  
Chief Executive to Ascertain the  
Views of Prominent Men on the  
Financial Question—Cuban Affairs.

Washington, Nov. 5.—President Mc-  
Kinley returned to Washington Thurs-  
day, much refreshed and benefited by  
his short visit to Ohio. He immedi-  
ately began the preparation for his an-  
nual message to congress, and his sec-  
retary said that he expects to complete  
the message in about two weeks.

The President is said to be anxious  
to complete the message at least two  
weeks before congress convenes, so  
that it can be submitted to the cabinet  
officers and considered by them before  
it goes to congress. It is his policy to  
prepare all such messages early so as  
to leave ample time for consideration.  
His inaugural address is said to have  
been written at least a month before  
his inauguration as President.

One of the most interesting features  
of the message will be the financial re-  
lations, but it is not yet known just  
what line they will take. The Presi-  
dent talked with several thoughtful  
men on this subject during his visit to  
Ohio, among them M. E. Ingalls, of  
Cincinnati, president of the Big Four  
and Chesapeake and Ohio railways,  
and while they all advanced ideas on  
the currency question, no two of them  
agreed upon a definite plan. It is  
probable that the ideas advanced by  
the monetary commission, which is  
now considering financial subjects,  
will have much weight with the Presi-  
dent, and the scheme of Secretary  
Gage, recently submitted to the cabi-  
net, may also be adopted.

The Cuban question is another im-  
portant one to be treated in the mes-  
sage. The President is said to be much  
pleased with the recent reply of the  
Spanish ministry to the note of Min-  
ister Woodford. This reply is so pa-  
cific in tone that the President believes  
that the Cuban question will be more  
readily solved as the result of the new  
attitude of Spain.

### SAY TRACK WAS FAULTY.

Testimony Given in the Inquest on the  
Garrison's Victims.

Cold Springs, N. Y., Nov. 5.—The  
second session of the coroner's inquest  
into the cause of the death of the  
twenty-one victims of the disaster on  
the New York Central Railroad near  
Garrison's, Oct. 4, was held Thursday  
here. The most important testimony,  
as tending to show that what caused  
the embankment to collapse and the  
train to plunge into the river, was  
given by Michael Clare, a former section  
master. He said:

"I had considerable trouble with the  
roadbed. Some weeks the outer rails  
would sink below the surface line three  
or four inches. I have seen it go three  
months without settling, and then  
again it would not stand for a week or  
two. The embankment back of the  
wall was filled with blue clay, clinders,  
stone and gravel. The water at this  
place is from forty-five to sixty feet  
deep. The company had dumped car-  
loads of stones there to get a solid  
foundation, but they would seem to  
disappear as fast as put in."

### Our Trade with Great Britain.

Washington, Nov. 5.—Consul Gen-  
eral Osborne at London has made a re-  
port to the state department upon the  
trade of the United Kingdom in 1896.  
It shows that the imports were \$125,-  
596,730 more than in 1895, and from  
the United States alone the excess was  
\$98,992,430. The exports show a large  
increase, being valued at \$1,200,727,755,  
an excess of \$70,000,000 over the pre-  
vious year. The balance in favor of  
the United States last year was \$370,-  
000,000 greater than at any time dur-  
ing the past fifteen years, and prob-  
ably at any time previous to that pe-  
riod.

### New Biscuit Trust.

New York, Nov. 5.—The reports re-  
ceived from Chicago to the effect that  
efforts were being made to bring about  
a consolidation of the interests of the  
various biscuit manufacturers in the  
country, including the American Bis-  
cuit company of this city, were con-  
firmed at the offices of the American  
Biscuit company at 469 West street.

### Men for Coast Defenses.

New York, Nov. 5.—At a regular  
monthly meeting of the chamber of  
commerce a resolution was adopted  
suggesting to the government the ad-  
visability of increasing the army by  
about 4,000 artillerymen, so that the  
modern seacoast defenses now in con-  
struction may be properly manned.

### Mission Board Elects Officers.

New London, Conn., Nov. 5.—At the  
closing session of the Women's Board  
of Missions Thursday Mrs. Albert  
Bowker was elected honorary president  
and Mrs. Judson Smith of Boston  
president. Mrs. J. A. Copp of Easton,  
Pa., was one of the vice presidents  
chosen.

### Baptist Congress to Meet.

Chicago, Nov. 5.—The fifteenth Bat-  
tist congress will be held in Immanuel  
Baptist church Nov. 16 and 18, inclu-  
sive. The University of Chicago and  
the Baptist Ministers' association ex-  
tended the invitation to the body to  
meet in Chicago.

## GEN. MILES TELLS WHY HE IS AFRAID

### HIS REASONS FOR FORTIFYING THE POST OFFICE.

To Protect Uncle Sam's Cash—He  
Considers Such Measures Neces-  
sary Where Sub-Treasuries Are  
Located—Suggestion Was Brought  
To His Mind in Turkey.

Washington, Nov. 5.—Gen. Nelson  
A. Miles was asked to give his reasons  
for recommending the fortification of  
the new federal building in Chicago  
with Gatling guns. He said:

"There are nine places in this coun-  
try where the treasure chests of Uncle  
Sam are located, and for the past  
twenty years I have urged the neces-  
sity of protecting these depositories  
with the most approved pattern of fire-  
arms.

"When the subject of a new public  
building at Chicago was broached, one  
of my first thoughts was for protec-  
tive measures, in case there should be  
an attempt directed against the sub-  
treasury holdings which will be put in  
the building.

"While I was in Constantinople the  
details of the attack on the Turkish  
bank were related to me, and brought  
back to me the necessity for some  
means for defense of the public insti-  
tutions of the United States. Gatling  
guns could be placed where they would  
be available at a moment's notice, and  
too much publicity could not be given  
concerning their presence in the most  
commanding spots."

General Miles does not believe there  
is any necessity for fortifying post-  
office buildings or other federal struc-  
tures except those in which large  
sums of government money are kept.  
He thinks that in each city where  
there are sub-treasuries a detail of  
regular troops should be maintained.

According to his plan, this would in-  
volve additional expense to the govern-  
ment.

### MAKE FALSE REPORTS.

Sensational Charges Implicating Mich-  
igan Bank Commissioner.

Lansing, Mich., Nov. 5.—The affairs  
of the defunct People's Savings bank  
are being aired in the circuit court in  
a case brought by Receiver Foster to  
enforce the liability of the stockhold-  
ers.

The receiver gave sensational testi-  
mony Thursday. A month prior to the  
suspension of the bank the sworn re-  
port to the commissioner of banking  
showed overdrafts of but \$2,600, but the  
receiver's investigation showed that  
they aggregated nearly \$40,000. When  
the latter asked the cashier for an ex-  
planation he was informed that not  
wishing to make public the true state  
of affairs he had consulted State Bank  
Commissioner Sherwood, on whose ad-  
vice he reported most of the overdrafts  
as loans.

Contemplated prosecutions for mak-  
ing false reports for the purpose of de-  
ceiving the commissioner will, in view  
of these revelations, be abandoned.

### Arbitration Treaty Again.

Washington, Nov. 5.—Sir Julian  
Pauncefote, the British ambassador,  
who is just back from London, prob-  
ably will confer with Secretary Sher-  
man at an early day concerning the  
reopening of negotiations for an Anglo-  
American treaty of arbitration. There  
is said to be no disposition on either  
hand to press the subject unduly, but  
rather to allow it to develop along nat-  
ural lines and responsive to public  
sentiment.

### Porte Is Brought to Terms.

Berlin, Nov. 5.—A dispatch from  
Constantinople to the Frankfort Zei-  
tung says that the porte, under the  
threat from the Bulgarian government  
that unless the promised berats to the  
Bulgarian bishops in Macedonia should  
be granted before 10 o'clock a. m.  
Wednesday Bulgaria would declare in-  
dependence, finally acceded to the de-  
mands and granted the berats.

### Money Disappears in Havana.

Havana, Nov. 5.—One million dollars  
in paper currency has mysteriously  
disappeared from the treasury here.  
The money was intended for the pay-  
ment of the navy and the troops. This  
fact, coupled with an attempt to de-  
prive the army and navy of their pay  
for the months of April, May and June,  
is causing great indignation.

### New Mission in Arizona.

Manitowoc, Wis., Nov. 5.—The board  
of foreign missions of the Wisconsin  
synod met in the German Lutheran  
church Thursday. It having been  
deemed advisable to locate a new mis-  
sionary station in Arizona for the bene-  
fit of the Apaches, the meeting formu-  
lated plans to erect a building.

### Haughty Reply from Spain.

Madrid, Nov. 5.—The Spanish cabi-  
net has now decided to reply to the  
United States minister's acknowl-  
edgement of the receipt of the Spanish  
note in reply to the representations of  
the United States on the subject of Cu-  
ba declaring in guarded terms that in  
reference to granting autonomy to Cu-  
ba Spain will do what she deems fit.

## NEW TEMPLE TRUSTEES.

Miss Willard Is One of the Seven Who  
Have Resigned.

Buffalo, N. Y., Nov. 5.—At a meet-  
ing of the W. C. T. U. trustees of the  
Chicago Temple Thursday seven of the  
trustees, Miss Frances E. Willard, Mrs.  
L. M. N. Stevens, Maine; Mrs. Hannah  
J. Bailey, Maine; Mrs. Helen Barker,  
Illinois; Mrs. A. J. Benjamin, Missis-  
sippi; Mrs. Clara Hoffman, Missouri,  
and Mrs. Anna M. Hammer, Pennsylv-  
ania, handed in their resignations,  
and they were accepted. To fill the  
vacancies these were appointed: Mrs.  
Harry C. Upham, Wisconsin; Mrs.  
Lucy B. Tynge, Peoria, Ill.; Mrs. Re-  
becca B. Chambers, West Grove, Pa.;  
Mrs. Margaret S. Hillies, Delaware; and  
Mrs. Z. A. Hagans, Elmhurst, Ill. When  
notified of their appointment Mrs.  
Hillies and Mrs. Chambers declined to  
serve. The others have not yet been  
consulted. A meeting of the executive  
committee of the W. C. T. U. was held.  
Its deliberations were secret. The  
question of the next meeting place was  
made. It was decided, however, to  
hold the next meeting in the west,  
Los Angeles, Portland, Ore., and Oma-  
ha are spoken of, with Portland most  
favored.

### BURNED BY MOLTEN IRON.

Explosion at the Steel Works in Mil-  
waukee—Two Fatally Hurt.

Milwaukee, Wis., Nov. 5.—Five men  
were injured by the bursting of a blast  
furnace at the Illinois Steel company  
plant Thursday afternoon. Two can-  
not live. The iron worked through the  
furnace into the water jacket, causing  
an explosion which let all of the iron  
in the furnace out in a molten mass.  
The injured are:

Peter Hunt; burned about the back,  
chest, arms and legs; cannot live.

John Kutka; burned about back and  
legs; condition dangerous.

George Kolinski; burned on arms and  
hands.

Albert Suckow; burned about the  
neck and hands.

Anton Choyeski; severely burned on  
hands and feet.

### SCORES SALISBURY.

London Newspaper Denounces Govern-  
ment's Policy in the Sudan.

London, Nov. 5.—The Morning Post,  
in a specially displayed editorial based  
upon the report that nothing further  
will be done for the present in the Sou-  
dan, denounces the government for  
"its hesitancy on all great occasions." It  
declares that "the unfortunate losses  
in money and blood on the Indian  
frontier are due to procrastination, and  
now, when the hour is ripe to vindicate  
Gordon, and to smash the mahdi,  
nothing is to be done, but a baneful  
hesitation sets in, a moral influenza,  
which paralyzes our statesmen and is  
the curse of constitutional govern-  
ment."

### Workmen Issue a Card.

Muncie, Ind., Nov. 5.—At a mass-  
meeting of the windowglass workers  
of this locality a card was prepared  
for the public press denouncing the  
circular recently distributed over the  
country by the manufacturers. It con-  
tained the offer made to the striking  
workmen by the manufacturers of an  
advance of 12 per cent, with 5 per cent  
added. The workmen claim that the  
rate card looks big in the eye of the  
stranger, but that in reality it is not  
quite a 7 per cent increase, while the  
new tariff law gives the manufacturers  
40 per cent advance.

### Sheep Dealers Meet.

Chicago, Nov. 5.—Sheep dealers from  
many parts of the United States and  
Canada gathered at the Sherman house  
yesterday to take part in the twelfth  
annual meeting of the American Shrop-  
shire Registry Association. Addresses  
on various methods of raising sheep  
and the needs of the trade were deliv-  
ered, and last year's officers were all  
re-elected. The invitation of the trans-  
Missouri Congress authorities to hold  
the next meeting of the association at  
Omaha was referred to the executive  
committee, and the meeting adjourned.

### Made a Legal Holiday.

Atlanta, Ga., Nov. 5.—The bill by  
Mr. Oliver, of Burke county, to make  
the birthday of Jefferson Davis a legal  
holiday in this state was adversely  
reported by the general judiciary com-  
mittee in the house of representatives.  
Mr. Oliver called up the measure and  
moved to disagree with the committee.  
The report of the committee was dis-  
agreed to by an almost unanimous  
vote.

### Train Goes Into the River.

Richmond, Va., Nov. 5.—The "F. F.  
V." through vestibule train from Cin-  
cinnati to New York on the Ches-  
apeake & Ohio railroad plunged into the  
Rivanna river about three miles east  
of Charlottesville Thursday shortly be-  
fore noon. Four people were killed  
outright and a large number badly in-  
jured. The accident was much like  
that recently on the New York Central  
railroad at Garrison's.

### Fusion Pluralities Reduced.

Lincoln, Neb., Nov. 5.—Returns by  
counties served to slightly reduce pre-  
vious estimates of fusion pluralities.  
They also showed that the Republicans  
had made gains in county officers.

### Women's Advancement Meeting.

Springfield, Mass., Nov. 5.—The As-  
sociation for the Advancement of  
Women closed its meeting Thursday.  
The session was purely a business one.  
The next meeting of the association

## JOB ARE IN SIGHT FOR 55,000 MEN

### VAN WYCK WILL CONTROL HUGH PATRONAGE.

Second Only to the Number of Posi-  
tions at the Disposal of the Presi-  
dent—Salaries of 33,000 Officials  
Aggregate Thirty-three Million  
Dollars.

New York, Nov. 5.—More than 55,000  
persons will directly or indirectly  
draw pay from the city in the first ad-  
ministration of the mayor of Greater  
New York.

The salaries of 33,000 of these, whose  
names will be actually on the city's  
pay-roll, will aggregate \$33,000,000.

Part of this amount represents the  
salaries and patronage of the other  
officers elected on Tuesday, but this  
is comparatively small, most of the  
total representing the patronage of  
Greater New York's first mayor, Rob-  
ert A. Van Wyck. A conservative es-  
timate of those who will draw payment  
indirectly from the city through city  
contracts and the like, is 22,000.

Second only to the president of the  
United States in the value of his pa-  
tronage, the first mayor of the great-  
er city is first in the significance of  
this patronage.

With his colleagues-elect, of the  
same political party as himself, Mr.  
Van Wyck can lead an army of office-  
holders and those indirectly employed  
by the city as great as the Army of  
the Potomac.

NEWS OF THE COUNTY  
PUT IN TERSE FORMMILTON JUNCTION IS LIVELY  
IN A SOCIETY WAY.

Burglar Discovered at Work in Shop—Was Just Entering John Weirick's Meat Market—Clinton Singers in Harvard—Brooms Busy at Barker's Corners.

(THE GAZETTE AGENCY, Mrs. E. D. Coon, Manager, Milton Junction, Nov. 5, 1897.)

Society events have been very numerous the past week. Receptions have been given nearly every evening by some of the ladies of the town. No time or expense have been spared to make them attractive. The costumes have been marvels of elegance, some being heirlooms of great value. The great outside world looks on with awe and wonder over these affairs and reporters of all the principal papers are present to write them up.

A bus load of merry Good Templars of Janesville made Mr. and Mrs. E. D. Coon a surprise visit, Wednesday night. They picked up three more at Milton, and the news spread among the brethren and sisters here until a large number were present, who seemed to enjoy themselves. Oysters were served and they left for home at a seasonable hour. Gid Humphrey drove the four horse team that brought them up.

Rev. Blackburn of Atkinson, Neb., visited his brother-in-law, Rev. G. W. Burdick, Saturday. He occupied the pulpit in the Seventh-Day-Baptist church, Sabbath morning. He was pastor of the M. E. church of Milton, forty years ago.

The mock trial held at P. of H. hall, Saturday night was not the first "mock" trial held in this town, and the usual decision was given. The liquor seller was found not guilty. It was a well conducted affair. The boys cleared twelve dollars.

The young people of the S. D. B. church are to give a New England supper, Thursday evening, Nov. 18. A program will also be given. The proceeds are to go toward the expenses of the conference to be held here next summer.

Will Thorpe is now in possession of the Oviatt drug store. Mr. Thorpe is a pharmacist of several years' experience, and will no doubt make a successful business man.

A. Thorpe and wife have sold their residence on Vernal avenue, to Wesley Winch of Koshkonong, who will occupy it.

Mr. and Mrs. Rogers of Fort Atkinson, visited at Joe Batcock's the present week.

Mr. Potter of Fort Atkinson, was in town on business, Thursday.

A number of ladies from this place attended a cantata at Fort Atkinson, last week.

Mrs. Dr. Lickner and Mrs. O. G. Crandall and children went to Chicago the past week for a visit with relatives.

Mrs. John Whitford returned from Farina, Ill., Monday. Mr. Whitford is in very poor health.

George Thorpe has moved his goods from Whitewater and will soon occupy his new house on the farm.

Mrs. Crumb of Walworth, and Miss Crumb of New York, visited at M. J. Olark's, Saturday.

Mr. and Mrs. E. D. Coon visited at Albion, Friday night and Saturday.

Dr. A. L. Burdick and family of Coloma, Wis., visited in town the past week.

O. F. Johnson of Elysian, Minn., is visiting his brother-in-law, Postmaster Greenman.

Will Gates is suffering from a badly ulcerated tooth.

## FOOTVILLE RALLY A SUCCESS.

Addresses of Janesville Speakers Appreciated Highly—Signs of Prosperity.

Footville, Wis., Nov. 5.—The young

people's rally held at the Methodist church October 29-31 was an unqualified success. Among those present from Janesville were: Rev. F. A. Pease, Rev. W. A. Hall, Mr. and Mrs. R. J. Hetherington, Mr. and Mrs. H. R. Nott, Mesdames Stevens, Barfoot and Dow, Misses Stevens, Fenton, Morrison, Bears and others. A large delegation was also present from Orfordville and Evansville. The addresses of S. M. Smith and H. C. Buell, of Janesville was highly appreciated. We take pleasure in noting the signs of returning prosperity. Strang & Owens, the energetic lumber dealers, report ever increasing business. Their sales of last month have been unequalled in their entire business career. Their record is four cars in one week. The Masonic fraternity are preparing a literary entertainment to be given about November 16. Several local celebrities are on the program. Tickets for the People's Lecture Course have been placed on sale. Five strong attractions are promised. Miss Chessie Smiley entertained Miss Lola Taylor, of Orfordville, over Sunday. Mrs. F. W. Jerome Shimeall has rented his farm to Walt Kenyon and will move to Shopiere to live with his father. ## BARKERS' CORNERS' BROOMS BUSY

House Cleaning Season at Its Height—George Griffy Doesn't Gain.

Barkers' Corners, Nov. 5.—Cleaning houses in all stages has now begun and we would notify the agents to not ask for the lady of the house, at the present time. The weather is something remarkable for this time of the year. House plants that are out of doors are not frozen but a good rain would be very acceptable. George Griffy is not as well this week as he has been. Hutten Stockman called on the people in this vicinity this week selling silver ware. He said he had good success taking orders. Bert Suernsey of Dickson, Illinois, called on his sister Ella, Tuesday.

## LADDERS SPILLED BY HORSE.

Kunaway Scatters L. S. Hillbrandt's Apparatus on Milwaukee Street.

L. S. Hillbrandt's horse ran away last evening about 6:15 o'clock and scattered ladders the length of Milwaukee street. Swinging into the midway it piled the wagon on Lowell's sidewalk. Mr. Hillbrandt was busy putting up the canopy at the armory entrance and had left the horse unhitched at the edge of the sidewalk.

EDGERTON BANK OWES  
NEARLY \$325,000.

## PROBABLE LIABILITIES REPORTED BY RECEIVER.

Depositors Hold Mass Meeting and Appoint Another Committee.—Receiver Towne Announces That There Will Be \$50,000 for Distribution Among Creditors Very Soon.

Edgerton, Nov. 5.—A call for a meeting of depositors of the defunct Bank of Edgerton issued a few days ago brought out at least 500 persons in Royal hall. A large number of grey headed men and a few women were present, some driving ten to fifteen miles to attend. John Spencer was elected chairman and D. I. Wilson secretary. After some discussion, A. A. Johnson, attorney for the receiver, was called. He explained in detail all the legal steps that had been taken, the reasons for the appointment of a receiver and gave instructions as to the manner of filing the claims of depositors with the court. He said that it was the purpose of the receiver to ask the court for an order to distribute a dividend just as soon as he was able to arrive at the condition of the bank's affairs. He thought that at least \$50,000 could be put in circulation again in a few weeks.

The meeting adopted a resolution for the appointment of a committee of five to act in conjunction with a similar committee elected at the depositors' meeting at Albion, last week, to look after the interests of the depositors. The committee is composed of Charles M. Sayer, S. P. Whitst, Rufus Bingham, D. J. Wilson and W. S. Brown.

While Receiver Towne is yet unable to make his report, he has gone far enough with his investigation to determine that a serious condition of the finances of the institution exists. Approximately the condition of affairs would stand like this:

Its Liabilities \$320,000.	
Shortage on certificates of deposit.....	\$130,000
Discrepancy in pass books.....	10,000
Shrinkage in assets, bad loans, etc.....	35,000
Total loss.....	\$175,000
The liabilities of the bank are about as follows:	
Due on certificates of deposit.....	\$172,848.00
Due depositors.....	132,694.42
Due on notes.....	5,000.00
Due drafts outstanding.....	5,697.82
Due cashier's checks.....	1,729.07
Due on collections paid, not remitted.....	2,057.28
Due wages.....	76.00
Total.....	\$320,102.59

This does not include the liability of the bank as endorser on outstanding paper, the amount of which the receiver is yet unable to determine.

The checking up of the assets of the bank is only partially completed, but nominally the assets would stand something like this:

Statement of Assets.	
Cash in bank.....	\$15,758.02
Cash in other banks.....	16,547.29
Loans, discounts and bonds.....	154,372.86
Real estate.....	12,500.00
Cash due from brokers.....	3,492.88
Overdrafts.....	25,854.63
Cash items.....	11,177.00
Other items.....	2,500.00
Total.....	\$240,112.08

This total will be subject to what reduction is necessary on account of bad loans or other claims that may yet turn up against the bank.

The bank has \$32,000 in cash on hand and the receiver says the stockholders are ready to put up the amount of their statutory liability, making a fund of nearly \$50,000 which can be distributed in dividends soon.

It is probable that suit will be begun in the near future to recover \$1313 of state money on deposit in the state bank in Edgerton when that institution closed the doors two weeks ago. The bank was a state depository and all state funds were secured by a bond of \$80,000. The sureties on this bond were Andrew Jensen, Charles S. Colton, Alexander Schuman, Robert Attlesley and Oliver P. Saunders. None of these sureties is connected with the bank, but it is likely the action to recover will be brought against them.

## CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aspic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

## WITH THE YARDMASTER.

EVEN though a great many people declare that minstrel shows are played out, and ought to be shelled, somehow they "get there" in the same old way. The performance given by Al. G. Field's company at the Myers Grand opera house, last night, was a success. There was a large audience, and it went home satisfied. Dockstader, Emerson, Birch, Reed, Haverly and Wagner were for a long time the "only pickets on the fence," but now they have taken seats on the "bleachers," so to speak. Billie Birch says:

"There is nothing new under the sun." But every once in a while a new man with a new saying, drifts into the arena—a new comedian, original and funny—appears on the boards. He comes out in black face, and will cause an audience to relapse into a series of violent convulsions and so the minstrel shows will keep on showing, and when they are good, the people will keep on going.

Field has evidently taken great pains to get together first class artists. They can certainly dance, they sing well, and deserve a crowded house wherever they go.

Yesterday I got into an argument with a business man on Milwaukee street about horses. I do not claim to know all about horses, but when it comes to mules, I say without conceit, that I will not take a back seat for any man in the state. A mule is different from a horse or a cow. It has views and ideas of its own. If you hitch a mule to a wagon, and tell him to "get up" or "go on" he may take your advice and he may not. In such cases, nearly every man has a remedy. A man once told me that when a mule balked the only thing to do was to twist his tail. I tried that on a mule my folks owned in "Arkansas" and he kicked out eight of my laths. No one can get me within twenty feet of a mule now unless I know he is dead.

## But to return to this man on Milwaukee street. He said to me:

"Do you know, that I have one of the most peculiar acting horses in town. He is funny about numbers. For instance if a string band should strike up he will listen to three pieces and enjoy them. But when the fourth piece starts he draws the line. He stands on his hind feet and dances a two-step. His eyes look as if he wanted a straight road to Montana."

"When a band starts on the fourth number I drive Clarence to some quiet place and give him a chance to reflect or regret, just as he sees fit."

"Three is his number on dance music but he draws the line at two on elephants and the same on brass bands. Remember when Ringling Bros.' circus came here? I drove this horse out, so I could see the parade. He paid no attention to the first two bands that passed, but when the third one came along he looked as if he was thinking: 'Now this is carrying things a little too far.' And he at once started in on his two-step. I got him cooled down, and drove to another corner to watch the elephants pass. Well, two of the monsters passed, and the horse didn't notice them. But when the third one passed by with bloomers on, then the horse broke for the country thirty-eight miles an hour, and I never got him in a walking notion 'till he had reached the poor farm. I'll tell you, there is a horse with real native ability."

My advice to him was to trade the horse to some one who wanted an adding machine.

## WARNING TO DRUGGISTS

Provisions of the New Law Concerning the Sale of Medicines.

A circular will be issued shortly by the state board of pharmacy and the state board of health, calling the attention of druggists and dealers in patent medicines to the new law, which goes into effect January 1, and which prohibits the sale of medicines containing poisonous concoctions or deleterious substances. It is the intention of the joint boards to punish every violation and it is made a misdemeanor subject to a fine of from \$25 to \$100 for anyone to sell or expose for sale such articles. Druggists are advised to make a careful examination of their stocks and in cases where they are unacquainted with the formula of a medicine, to secure a written guarantee from the maker that it does not contain such substances as forbids its sale, under the new law.

## Treat Your Child Fairly.

The health of our children is a stubborn question. Some children seem to thrive under every adverse condition. Others with every care are sickly and weak, and nothing seems to help them. They are frail, puny, constantly ailing.

Take your child to the greatest specialist in children's diseases. Dr. Greene, of Nervura fame, has discovered the most wonderful remedies for curing children. No charge whatever is made for consultation or advice, whether you call or write, at the office of Dr. Greene's remedies, 148 State St., Chicago, Ill. The success of these world-famed medicines in treating children's diseases is phenomenal, and your child should have this chance to be strong and well. Everybody admires healthy children, and no one has done so much to make children healthy as these marvelous medicines. Your child is entitled to health and this advice and treatment will build up and strengthen the weak constitution.

## Queer Advertisement for Six Fingered People.

A Chicago Professor Gets 155 Answers.

Not long ago a professor of the University of Chicago advertised in the columns of that city for information concerning Hexadactyls, or six fingered people. He has received 155 answers from six toed or fingered people. Few persons can reckon on an affliction of six malaises at once, but there are multitudes afflicted with biliousness whom Hostetter's Stomach Bitters would speedily restore to perfect health. Biliousness is usually complicated with constipation and dyspepsia, all these maladies being promptly remedied by the aid of the Bitters, which also overcomes and prevents malarial complaints, rheumatism, nervousness and inactivity of the kidneys and bladder. Life's troubles and anxieties often wear out the most vigorous constitution even early in life, and induce premature decay of the vital energies. The most restful promoter of physical stamina in existence is Hostetter's Stomach Bitters.

## BORT, BAILEY & CO.

300 dozen full sized 3-4

## NAPKINS

worth \$2 50 per dozen are offered on Saturday, Nov. 6th, at the low figure of

**\$1 49 per dozen.**

These Napkins are fine and large and anyone who sees them will agree that they are worth \$2 50 per dozen, and this is the last lot we will be able to offer to our trade at \$1.49.

There is one feature about these Napkins that you will do well to note. They are all pure linen. This you can depend upon, and price is \$1.49, worth \$2.50.

The tariff on linens will advance the price on all linens about 20 per cent. as soon as the present supply of imported linens is exhausted. This means that these Napkins will be worth \$3 00 in the spring. Now that is a fact. Today they are worth \$2 50 and on Saturday, November 6, we let 300 dozen go at \$1.49 per dozen.

One more thing we want to mention right here in connection with these Napkins at \$1.49, and that is if we were trusting Tom, Dick and Harry the price would be more than \$1.49; but cash, without any losses on bad accounts, enables us to make this price. We buy for cash; we sell for cash, cheap.

## To Sum It Up:

There are 300 dozen of them. They are full 3 1/2 size. They are pure linen. They are worth \$2.50. They will be worth \$3.00 in the spring. We sell them CHEAP FOR CASH, and

**\$1.49 per dozen is the price, on Saturday, Nov. 6.**

## THIS DAY IN HISTORY

1600—Hans Sachs, "honest Hans Sachs," the German poet, author of over 6,000 pieces, born; died 1576.  
1770—Washington Allston, painter, born in Waccamaw, S. C.; died in Cambridge, Mass., 1843.  
1807—Maria Angelica Kauffmann, noted Swiss painter, died in Rome; born 1741.  
1818—Benjamin Franklin Butler, citizen general and statesman, born in Deerfield, N. H.; died in Washington 1893.  
1890—Political revolution in Brazil; President Fonseca, successor to Dom Pedro, dissolved the Brazilian congress and made himself dictator.  
1895—William Libby, an old time merchant, at one time partner with A. T. Stewart, died in New York city.

There are indications in the columns of the leaders of the free trade press of another free ship eruption. The doctrine of free ships is a part of free trade, and what even partial free trade did for this country under the last Cleveland regime ought to bar it even as a subject of discussion until a new generation shall have assumed citizenship.

A year ago the man who would have predicted that the United States would get every dollar due it from the Union Pacific railroad would have had his sanity questioned, but, thanks to President McKinley's shrewdness and firmness, that very thing has been brought about.

If the Sultan of Turkey doesn't do something handsome for ex-Minister Terrill, who, in order to make the sultan a saint, makes, by inference, liars of all the Christian missionaries in Turkey, he will be open to the charge of ingratitude.

The financial recommendations of Secretary Gage are mostly in line with the St. Louis platform; consequently are mostly all right, but a majority of the senate being opposed to the St. Louis platform makes their enactment into law very doubtful.

Secretary Long's reason for opposing the establishment of a government plant for making armor plate is sound—it can be bought cheaper than the government could make it.

It remains to be seen whether Carter Harrison's political pilgrimage to New York was good or bad policy. That it was bad taste is not likely to be questioned.

The man that was surprised at the result of any of this year's elections must have been a very careless observer of off-year phenomena.

When the other side has the most votes it is foolish to attempt to saddle defeat on fate.

McDonald, who is a tramp twenty-eight years of age, was arrested in Madison, charged with breaking into John Robinson's house in Darlington and shooting Robinson in the back. A 38-calibre pistol was found on him, but otherwise there is said to be very little to connect him with the crime.

## ARMORY A PICTURE FULL OF BEAUTY

RECEPTION LAST EVENING A  
COMPLETE SUCCESS.

Nearly Three Hundred People Enjoyed the Hospitality of Messrs. and Mesdames C. A. Sanborn, F. H. Baack, H. D. Murdock, T. O. Howe and Fred Yowe.

All the beauty that lights and flowers and greenery and effective drapings could give was added to the ever changing picture presented by the throng in the Armory last evening. Effective ideas had been worked out in the decoration of the hall. Over the doorways were festoons of evergreen and smilax. The long line of the western wall was broken by masses of green, and tendrils of smilax were looped about the gas fixtures. Heavy curtains hung over the windows, offering contrast to the lighter tone of the background. The gallery rail was hidden under loosely draped scarfs, the arrangement being very pleasing.

In an improvised reception room near the main entrance, the guests were received by Messrs. and Mesdames C. A. Sanborn, Fred Howe, F. H. Baack, H. D. Murdock and T. O. Howe. The hostesses were quietly but appropriately gowned, Mrs. Sanborn wearing a lavender organdie; Mrs. Fred Howe, black and white silk, with red roses; Mrs. T. O. Howe, green and white silk; Mrs. Baack, green figured silk, with black lace trimmings; and Mrs. Murdock, organdie, over green silk, with white lace trimmings.

There were bunches of chrysanthemums in the reception corner, and chrysanthemums and palms gave the key note to the decorations of the orchestra platform which filled the opposite corner of the hall. Here Smith's orchestra of seven pieces, was half hidden behind palms and flowers. Soon after seven o'clock the guests were seated at small tables and supper was served under the supervision of G. A. Shurtliff. There was music by the orchestra during the supper hour. So carefully had all the arrangements been made that at no time was there the least delay in spite of the large number present. There was very little delay after supper had been served; and with only a short lapse in which the hosts and

hostesses were repeatedly congratulated on the success of their entertainment, the floor was cleared for dancing and the orchestra sounded the first waltz. R. M. Postwick, A. E. Bingham, W. W. Watt, Edwin Fifeid and W. S. Pond were in charge of the floor. Old and young joined in the dancing, the interspersing of quadrilles giving zest to waltzes and two-steps. It was after midnight when the last farewells were said.

## ANOTHER CALL FOR ROCK RIVER SHELLS

CHICAGO EXPERT HERE TODAY  
INVESTIGATING.

I. Schwartz, Who Represents Charles Rubens & Co. Here On a Tour Of Inspection—Firm Pleased With Sample Shells—Brisk Demand In Prospect.

Not since the shell buying furor of last June has the local shell market been as active as this week. Big shipments have been made to Massachusetts, ten tons of shells went to Ohio Tuesday morning, and today steps were taken to open up trade with Chicago. I. Schwartz, representing Charles Rubens & Co., pearl button manufacturers of Chicago, is in the city making an investigation as to the quality of the Rock river shell. He was well satisfied with the samples, and if an agreement can be reached on price a carload amount will be shipped from this city to Chicago.

Rubens & Co. are not only heavy importers of buttons, but stand in the first rank as manufacturers. The prominence of this firm, added to the interest of local shell dealers.

Soon after Mr. Schwartz arrived he visited Harry Daverkosen, to secure an idea as to how many tons of shells are in stock here and at tributary points.

He found the question hard to solve.

Shell gatherers who live along the river between this city and Afton are known to have on hand thousands of pounds, but they refuse to sell at the figures recently quoted. All these shell-owners are hoping that Mr. Schwartz' visit may raise the price.

## JANESVILLE MEN GOT DEER

C. I. Sloan, Back From the North—He Reports Good Shooting

C. I. Sloan returned from the northern part of the state this morning. The Janesville party found plenty of deer, he reported, but had to keep down in the deep grass to avoid being shot by the thousands and more hunters from all parts of the state who are filling the underbrush with lead. Some of the hunters this year are shooting the new United States army rifle that carries a 31-calibre steel coated bullet. When this kind of a gun is fired Tuesday it hits a man two counties away late Wednesday afternoon. The Janesville party got six deer in the first five days. Three came down by express today. Dr. J. W. St. John, W. H. Appleby, Sanford Soverhill and C. L. Valentine each got one deer.

It is flavored by a cynical philosophy that will give an edge to the interest of readers.

## MUCH TOBACCO GOES EAST

Rain Gives Promise of Active Days in the Leaf Market.

Twenty cars of tobacco have been shipped out of the city by various Janesville dealers during the week.

S. S. Balck of W. Alexandria, Ohio, has been riding in Rock county this week, and has bought about two hundred acres of 1897 leaf between here and Hanover and Evansville.

Today's rain filled local tobacco dealers with ecstasy. It meant that farmers could get their leaf in case and ready to strip. There will be but little delay now before the business in new leaf opens.

## GASH IN A MINER'S SCALP

Harry Atwood Struck on the Head By a Bucket Full of Oil.

A number of boys were playing cave dweller by Dr. J. B. Whiting's residence and Harry Atwood, son of Mr. and Mrs. Charles Atwood was at the bottom of a ten foot pit loading dirt into a pail when their was an accident to the hoisting apparatus. A rope halter broke letting a pail with dirt drop about ten feet on Atwood's head. It cut through to the skull making a gash an inch and one-half long and Dr. W. B. Judd was called to sew up the wound.

WOULDN'T LET HIM KILL WIFE

C. O. Mosher Brought Into Court About a Strictly Family Affair.

Merely for threatening to kill his wife, the minions of the law haled C. O. Mosher before a magistrate and made such bullabuloo that Mr. Mosher was landed in the county jail for thirty days. He hasn't figured out yet why such a fuss should be made about a small matter. Mosher is the man who has been bothering the Rock and Dane county officers by his desire to keep things stirred at his home north of Newville.

## WRITING A STORY.

"Nona, how pretty they always read. The stories out of the bedtime book. The best I liked was 'The Daring Deed.' About the terrible risk he took. Nona, put the book on the shelf. I believe I'll write a story myself."

"They're as easy to write as they are to read. Stories like those in the bedtime book. And I'll call mine 'The Terrible Deed.' And have it a daring risk that he took. And while I tell it you will write. And we'll have the story finished tonight."

"No, I don't feel sleepy at all. And I'm plenty warm with my arms out so. And while I tell it you will write. And he and his horse were lost in the snow. And then at his door he knocked and knocks. And we'll say that the man has craven locks."

"(Nona, I'll thank you not to say That I am drowsy, and all like that.) And the man kept knocking and knocking all day."

(Nona, what are you laughing at?) And he was hungry and cold and mad. For the weather was stormy and very bad.

"Then in the darkness he saw a light. And he followed it, and he fiercely strode. And through the forest and through the night. It brought him home in a turn of the road. 'Twas the stable door where he'd stood and stood. For the house was farther on in the wood."

"Now is it finished? Let me see— I'm getting so—tired—that I forget. But I'm wide awake as I can be! I haven't thought of—sleeping—yet. And remember—the light—was—down the road— And—the man—with the—craven—locks—he—strode."

So ended the story which all may read. Like to the one in the bedtime book. But lacking still the daring deed.

And the terrible risk that the hero took. And the sleeper hears in dreams the knocks. Of the hungry man with the "craven" locks. —Mary Elizabeth Stone in Independent.

## MR. HARBERTON.

"No, old man, of course I don't believe in spirits or nonsense of that sort. Yet something that I never quite understood once happened to me. You all know about that kind of thing, and perhaps you can explain it."

"After I left Oxford—without honors—I spent a lot of time loafing at home. It was a slow part of the country, nothing much to shoot, and mother, an invalid, couldn't stir out of her room."

"I didn't mean deliberately to deceive her, but what life is there for a healthy young man, stuck down there, hanging round a sickroom from one month to another? He must come to the surface to breathe, whether the air be wholesome or not. At first, when I cut for a day or two, I would call it business, but the mater knew old Findlay had always managed the investments and the money and all that. So when I took a run up to town and didn't return at night I had to invent a friend and to pretend I had put up with him. That came as easy as lying always does. Only mother, who had little to interest her, insisted on hearing all the particulars—how my friend looked, what he said, and the rest. I got into a lot of tight places at the start, till I thought of a man I had known two years before, and kept to a description of him."

"Harberton was his name. He was cruising on the Mediterranean for his health when I was on the Sayonara with the Blakes. He was a queer chap—believed in occultism and rot of that sort, and we all laughed at him for it. We never thought him ill, merely lazy. One moonless night, after dining on his yacht, we lounged on deck, with those myriads of stars making us feel jolly smart."

"Harberton lay on a steamer chair—he used to pass the night there—gazing at the sky with his inscrutable eyes. We had all been laughing and chaffing when he came on deck, but somehow the immensity of it all had sobered us, and we were quiet and solemn, when Harberton, pointing heavenward, said in his languid, affected drawl, 'Tomorrow I shall know what these have to tell.' We believed it to be merely one of his poses, but in the morning we were horribly startled by the news that he was dead. He had died lying there in his chair during the night."

"Well, Harberton's name occurred to me when I was forced to invent a story to satisfy mother, and, though I couldn't write a story to save my life, whenever I began jawing about him everything came quite pat. Often I blessed his memory when I could go off for a few days, have a good time and return to find mother quite pleased."

"This went on for awhile, till mother began to bother me with a request to ask 'my friend' to visit us at Frampton Glemsford. I tried hard to get her off the notion. I said that he was busy or ill, that entertaining guests would hurt her, and all manner of things. But she seemed set upon it—talked nothing else. The doctor said it was a sick fancy, that in her weak state any craving must be humored."

"Thus cornered, I wrote a letter urging 'my dear Harberton'—I hadn't the remotest idea what his Christian name was—to come to us even for a day. Mother insisted upon adding a line—she who had not penned a word for months—begging him to come that she might have an opportunity of thanking him for his friendliness toward her son. I did feel mean when I took the invitation into another room and burned it."

"Next morning he was to arrive. I meant to fake up a telegram somehow, giving an excuse for his absence when I went to the station on pretense of meeting him. My mother was strangely well that morning. Her customary lassitude and pain had vanished. She was reclining on a couch drawn close to the open window. Her cheeks were almost rosy, and there was a lace arrangement over her white hair that made her look prettier than I had ever seen her. She was all impatience to see Harberton and hurried me off to the station half an hour too soon."

"Now, you needn't believe what follows unless you like. I often doubt it myself. I knew something was to happen as I heard the sound of the coming engine, and as I watched the train sweep around the curve of the line I

wanted badly to run away, but could not. Of course there are seldom many passengers for Glemsford. This time there was but one. I caught a glimpse of his face at the window of a carriage where he sat alone, and my heart seemed to stop beating. A moment later he stood before me. It was Harberton. He was exactly as I remembered him. There was nothing in his appearance or manner to account for the dread in me. We exchanged greetings, but no word passed between us. We traversed the leafy lanes as in a dream, but they and myself were visionary—he alone was real. And all the time the memory of the telegram I had omitted to send kept recurring to my half paralyzed brain."

"I knew it could not be Harberton, yet felt convinced it was none other. Dull wonder whether or not mother would see as I did ran through my mind, but I was in reality too stupefied to be capable of anything like consecutive thought."

"The path we trod led through the orchard into the rose garden, whereon the low windows of my mother's summer parlor opened. As we entered the garden she saw us—saw him—and waved her thin hand in welcome. And Harberton, or what I took to be Harberton, who till then had done nothing but make me dread his presence, waved in return courteously, almost gayly."

"I can't tell you how that day passed. It seemed like a long drawn out nightmare. I kept saying to myself: 'I am asleep. I shall awake soon.' Harberton sat in my mother's cool, darkened room, talking of me, as I gathered while pacing restlessly within and without or smoking in a chair outside the window. She seemed to speak anxiously about my future—I suppose, like most only sons reared by mothers, I had been rather wild—and he appeared to reassure her. She was quite soothed and happy in his company. I moved about. I would go to the stables to speak to the men or wander aimlessly about, but there was ever that awful sense of all being an illusion. I fancied I must be mad, and I feared the sound of my own voice."

"Harberton went as he came, through the byways carpeted with moss and overhung with brier roses, still holding no speech with me, who followed dog-like. Midway down the lane the evening haze caught radiance from a shaft of the sunset, and into the glory of it he passed along. For a moment I dared not enter. When I did, he was gone."

"Well, in a short time I was able to laugh at the occurrence as absurd. Mother seemed to feel happy in some sort of a delusion. I didn't care to ridicule. She never asked me to send for Harberton again. She always said, 'When it is time, he will come.' "She got more fragile daily. One night she looked so ethereal that, fearing to leave her, I sent the nurse to bed and staid in her room. All was hushed, and I must have dozed off, to be roused by mother's voice saying gladly: 'Oh, you have come for me! That is so good of you!'"

"The light of the harvest moon filled the room, eclipsing the feeble glow of the night light."

"Mother had raised herself to a sitting position and was looking up eagerly, joyfully, her thin hands extended. Bending over her I saw distinctly the figure of Harberton. Starting forward, I rushed toward her, but before I could reach her side she sank back inert. Harberton had vanished, and the moonlight revealed only her dead face lying peacefully smiling on the pillows."

"That's a lot of years ago now, but I've never been able to reduce it to common sense. Can you, old chap?"—Black and White.

**Queen Wilhelmina.**  
"It is impossible to realize that the little Queen Wilhelmina is now 17 years of age," said one of the clubwomen yesterday. "Like the little king of Spain, she is expected to remain a child, but in less than a month she will have completed her seventeenth year, and in another twelvemonth she will begin her reign. Already a husband for her is being discussed, indeed may even be chosen. The very stately official, speaking English with dignified deliberation, who showed us over the gloomy palace at Amsterdam a few weeks ago spoke of her majesty as a young lady. He told us that he had seen her grow up, as he had been 12 years an employee of the palace. The little queen lives most of the time at The Hague, but is obliged to spend some portion of the year at Amsterdam. The sojourn generally lasts but four days, and when one has seen the ugly, gloomy palace one is not surprised to hear it is not a favorite place of living. The old arsenal in Central park is as stately and elegant on the interior; the floors are alike in being wide boarded and somewhat dilapidated. Our cicerone at the palace explained that the rooms were dismantled at this time, but prior to the queen's arrival were clothed with rich carpets and hangings. In the throneroom, he said, Wilhelmina holds audiences, herself seated upon the throne, with the queen regent standing beside her."—New York Tribune.

**Glass Umbrellas.**

It is rumored that before long glass umbrellas will be in general use—that is, umbrellas covered with the new spun glass cloth. These, of course, will afford no protection from the rays of the sun, but they will possess one obvious advantage—namely, that they can be held in front of the face when meeting the wind and rain, and at the same time the user will be able to see that he does not run into unoffending individuals or lampposts. But what say the lovers—the seaside holiday lovers—who are to be seen on every beach round the coast, with their backs to the cliff or a handy boat, an unfurled old style umbrella in front of them, leaving nothing to the gaze of the inquisitive save the soles of their four shoes? Surely they will revolt against the innovation.—Westminster Gazette.

## THE "GROWN-UP" DAUGHTER'S DUTY TO HER MOTHER.

You can only have one mother; therefore, when her step is growing slow and her mind gloomy with forebodings, and you can see that her whole nervous system is upset, it is your filial duty and privilege to attend to her in time! Mother is approaching the most critical period of her life.

The change of life, that is what mother is dreading, and no wonder, for it is full of peril to all but the strongest women.

There are some special and very wearing symptoms from which mother suffers, but she will not speak of them to any one. Help her out; she doesn't know what to do for herself!

Shall I advise you? First, send to the nearest drug store and get a bottle of Lydia E. Pinkham's Vegetable Compound, and see that mother takes it regularly, then write to Mrs. Pinkham, at Lynn, Mass., giving all the symptoms and you will receive a prompt reply telling mother what to do for herself. In the meantime the Vegetable Compound will make life much easier for her. It tones up the nervous system, invigorates the body, and the "blues" vanish before it as darkness flees from the sunlight. You can get it at any reliable druggist's.

Mrs. Louis Strong, Harris Hill, Erie Co., N.Y., says: "I have been troubled with falling of the womb for years, was advised to take Lydia E. Pinkham's Vegetable Compound. I took thirteen bottles and received great benefit. When the time for change of life came I suffered a great deal with faintness and palpitation of the heart. I got one bottle of the Vegetable Compound and one of Blood Purifier and was relieved again. I was thereby enabled to pass through that serious period very comfortably."

Mrs. Louis Strong, Harris Hill, Erie Co., N.Y., says: "I have been troubled with falling of the womb for years, was advised to take Lydia E. Pinkham's Vegetable Compound. I took thirteen bottles and received great benefit. When the time for change of life came I suffered a great deal with faintness and palpitation of the heart. I got one bottle of the Vegetable Compound and one of Blood Purifier and was relieved again. I was thereby enabled to pass through that serious period very comfortably."

regularly, then write to Mrs. Pinkham, at Lynn, Mass., giving all the symptoms and you will receive a prompt reply telling mother what to do for herself. In the meantime the Vegetable Compound will make life much easier for her. It tones up the nervous system, invigorates the body, and the "blues" vanish before it as darkness flees from the sunlight. You can get it at any reliable druggist's.

## FOR LITTLE FOLKS.

## HUMAN FREIGHT.

Tagged Children Who Made the Trip by Steamer From Bremen.

Four little human express packages walked ashore recently from the steamer Havel of the North German Lloyd line. A tag on the breast showed the name and the destination of each of these bundles of animate freight shipped by relatives and consigned to parents.

The tags provoked unusual attention to the wearers, both on ship and on dock. On the trip across the ocean the tagged babies were the pets of the steerage passengers, and at the wharf were regarded as the notable ones among those who arrived.

The writing upon one tag was "Emelie Greiner, care Hermann Greiner, 322 West Ninety-fifth street, New York."

This Hermann Greiner is a shoemaker, who came to America to make a

**SUNSHINE HEATER, \$13.75.**  
Celebrated for its beauty and excellence, very latest pattern; a thorough heater and economical in the use of fuel; many higher priced stoves not so desirable.

# : WE LEAD; : WE DON'T FOLLOW.

In these days of business hustle it is a considerable matter for a concern to be the leaders of the trades they represent in a community. THE LEADER has this distinction to its credit. LEADER prices are not in comparison with others. There are many **dealers** who can give you plenty of **bluff**, but they can't meet LEADER prices and qualities. You will find almost any article from a needle to a diamond at THE LEADER. Thousands of dollars invested in goods that the public need, at beneficial prices.

The very best Western Washers 40% less than others ask you; our price \$2.25. Guaranteed Wringers, finest rubber rolls, \$1.25 each. Tubs, Pails, Wash Boards, at prices that defy competition. ∴ LEADER stove prices are 35 to 40% lower than others. Nobody to thank but THE LEADER for cheapening stove prices.

**OAK ACORN.**  
Air tight, steel body, flat draw center grate, hard or soft coal, or wood.

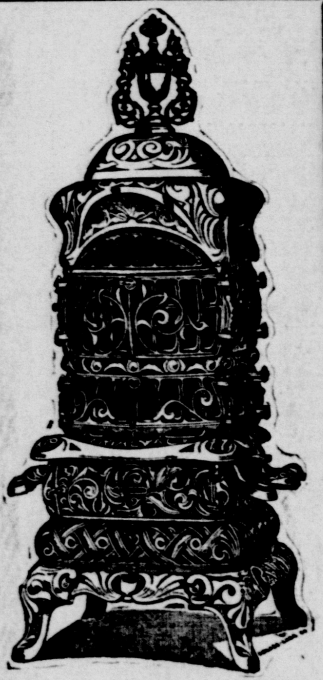

## ACORN AND SUNSHINE STOVES ARE AS GOOD AS THE BEST MADE.

There is no fake in THE LEADER'S stove sales. We have sold three cars this season and have almost finished the fourth. Our stove register verifies our assertions. It's open to inspection. Price cuts the ice, makes stove buyers come to us, the same as buyers of all other lines. LEADER prices are revelations in lowness.

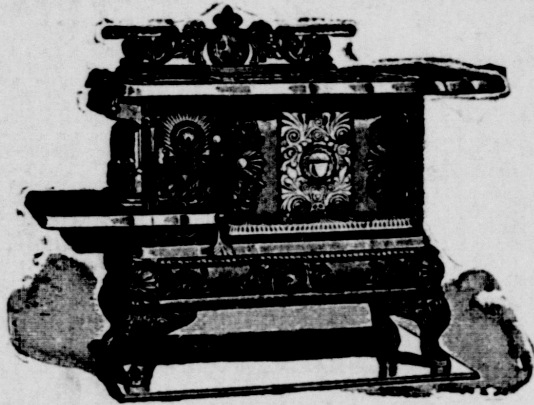

## THE LEADER.

**IMPERIAL ACORN, \$19.86.** A marvel of beauty, style, and fuel economy; it embodies all the best and latest ideas in base heaters, and has stood the test of years.

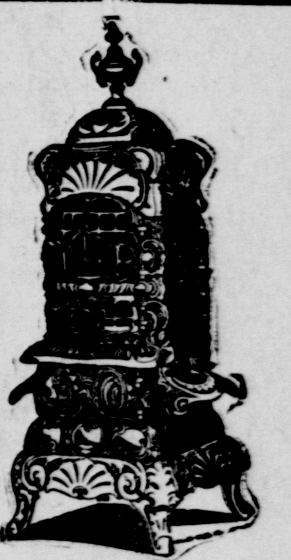

**DUPLEX ACORN RANGE, \$12.35.** For hard coal or wood; extra size duplex grate; large oven sheet flues; beautifully ornamented and heavily nickel-plated; the "best for the money," and is so recognized.

**RUBY SUNSHINE, \$14.95.**  
Six hole cast range—18" oven, swing shelf and tie shelf—perfect baker, for hard or soft coal.

**RANGE, \$10.00.**  
Guaranteed to be a perfect baker; oven is square, with nickel panel and outside shelf; highly nickel-plated bright work; a beautiful hard coal range with modern improvements.

**EMPIRE ACORN.**  
Handsomely trimmed and a heater worth double the price.

## Common Sense

Says that it is true economy to buy the best. The "Garland" trade mark upon a stove is positive proof that it is the very best that can be made for the price asked. 144 styles and 700 sizes of "Garland" stoves, but only one grade. Unlike other makes on the market that have from twelve to fifteen different grades all under one name. The name "Garland" covers but one grade, one quality—and that the best. The person without the slightest of stove knowledge, the person who doesn't know the difference between an oil stove and a cook stove, but who wishes to buy the best stove, can buy the "Garland" with perfect safety. There is no better stove made, and, best of all, they are every one the same.
